

**GUESS WHAT?
WE DON'T WANT ANY MONEY FROM YOU!**

Have we gotten your attention?

Bridge To Bridge Merchants Group is a new Merchants Group created specifically for you, the small business owner. We are dedicated and committed to supporting your small business in our beautiful beach communities.

Our Mission

To promote growth and connection for all Businesses, Neighbors, Visitors and Friends for a THRIVING local economy and community!

What makes our Merchants Group different

We are a group of *actual business owners* who understand first hand the challenges small business owners, like you, face, especially in a *seasonal* driven community. We all have hands on experience with business situations unique to our local area.

It's time for beach businesses to come together. By combining our experiences we can assist each other in taking ALL of our businesses to the next level. We understand how valuable your time is. Your level of participation is completely determined by you, your time and your needs.

We are not affiliated with any town governments or special interest groups. This allows us to focus our attention to needs specific to business.

Why should I join

- Increased visibility in the beach communities
- Co-operative marketing and advertising opportunities
- Greater social media awareness and presence
- Support from other local business owners
- Team up with other like minded business merchants for special events (Small Business Saturday, Holiday Promotions, Community Shopping Day)
- Opportunity to participate in local "Grateful Hearts Market"
